Mariner's Bank
935 River Road
Edgewater, NJ 07020-2234

Dear Mariner's Bank,

On behalf of myself and the Foundation's Board of Trustees, I am pleased to extend sincerest thanks and appreciation for your gift of \$200.00 for the Oncology - Tennis for Life Program at Hackensack University Medical Center.

Recent years have seen Hackensack University Medical Center grow from a community hospital to a leading regional tertiary care facility. We now provide some of the nation's most sophisticated and advanced programs and services, including many that are unique to this area. The continued growth and leadership of our medical center depends on individuals, like yourself, who recognize the importance of providing the best possible patient care.

Thank you for your confidence in Hackensack University Medical Center and for your thoughtful expression of that trust. Rest assured, the true beneficiaries of your kindness and support are, as always, the patients we serve and on their behalf we are extremely grateful.

Sincerely,

Robert L. Torre
Executive Vice President & C.O.O.

RLT/bk

In accordance with the Internal Revenue Service regulations, this verifies that Hackensack University Medical Center Foundation provided no goods or services in connection with this gift.

Dear Frank:

On behalf of the Tennis for Life™ program, presented in conjunction with the Hackensack University Medical Center Foundation, we are pleased to acknowledge and thank you for your support of our annual fund raising event.

Tennis for Life, now in its twelfth year, is committed to supporting and enhancing the lives of Breast Cancer Survivors and is dedicated to offering participants the resources, opportunity and motivation to regain upper body mobility, develop stamina and enhance morale through the sport of tennis and facilitated group networking. This program is open to players on all levels (from beginners to advanced) and there is never any charge to its participants.

Your donation has been acknowledged in the "Tennis for Life 12th Annual Fundraiser" Ad Journal, which was distributed to all attendees at our event; you have also been acknowledged on our website: www.tennisforlife.org. Your support helps enable us to continue to offer this program, and for this we are extremely grateful.

Tennis for Life is offered in association with the John Theurer Cancer Center at the Hackensack University Medical Center and the Hackensack University Medical Center Foundation

Sincerely,

Kathleen Sullivan
President

Frank,
congratulations on your promotion
and thanks for all of your support!
